

cereal technology

Die Zeitschrift für Getreide, Mehl, Brot,
Teigwaren, Cerealien & Technik.

[Getreidetechnologie]

JAHRESINHALTSVERZEICHNIS 2022

• Peer Review **Ausgabe Seite**

Monitoring of gluten-free rice sourdough by 2D-Fluorescence spectroscopy, Ann Mary Kollemparembil, Ahmut von Wrochem, Olivier Paquet-Durand, Viktoria Zettel.....1	4-14
Modulation of cereal and starch-based textures using additive manufacturing technologies, Ahmed Raouf Fahmy, Mario Jekle, Thomas Becker.....1	16-23
Baked goods with long-lasting crust crumble, Klaus Lösche.....1	24--33
Standards in the global trade of grain and feedstuffs, Sarah Mann.....1	34-37
Durum wheat breads low in sodium but savory, Elena Arena.....2	68-77
Virgilio Giannone, Agata Mazzaglia, Paolo Rapisarda, Biagio Fallico, Maria Allegra, Maria Concetta Strano, Michele Canale, Alfio Spina Effectiveness of perforation methods for wheat kernels, Luca Stäheli, Mathias Kinner, Nadina Müller.....3	132-143
Baker's yeast: properties, applications and innovations, Klaus Lösche.....4	200-217

• Wissenschaftliche Publikationen **Ausgabe Seite**

A glance at Bühler's year 2021, M. Hikmet Boyacioglu.....1	42-47
A look at 125 years of the IAOM, Melinda Farris.....1	48-49
Optimizing the addition of enzymes, Lutz Popper.....2	78-82
Nutritional and organoleptic characteristics of Triticaleum and other gluten-containing cereals / Baked goods with longlasting crust crumble, Etienne Vassiliadis.....2	84-97
Progress in fluor fortification programmes at the global Level, Quentin Johnson.....2	90-101

Potential of upcycled side-streams, Sandra Ebert, Lisa Berger, Pascal Moll.....3	144-151
Modeling a traceability system for the wheat supply chain, Richa Sharma, Charles Hurburgh, Jennifer Robinson.....3	152-157
Lactic acid bacteria: Use as a starter culture and synthesis organism, Klaus Lösche.....3	158-177
Mill optimization using ash curves and SRC, Jeff Gwartz.....4	218-229
Optimization of a gluten-free bread recipe – variation of the sourdough and seed content, Kim Gredel, Viktoria Zettel.....4	230-241
Triticaleum: New alternative to barley for the malting industry, Etienne Vassiliadis.....4	242-251

• Interview **Ausgabe Seite**

Introducing ICC Secretary General, M. Hikmet Boyacioglu...1	50-53
---	-------

• Rezension **Ausgabe Seite**

Understanding Baking Enzymes: Basics & Application, M. Hikmet Boyacioglu.....2	102-103
---	---------

• Berichterstattung **Ausgabe Seite**

IAOM Meets in Richmond for 126th Annual Conference & Expo, M. Hikmet Boyacioglu.....2	104-105
75 years of grains, flour and bread: AGF, M. Hikmet Boyacioglu.....2	106-107
Changing Wheat Landscapes, Daniel Leader.....2	108-117
Future challenges for cereal science and technology, Viktoria Zettel.....3	178-179
